

# CENTENNIAL MENTAL HEALTH CENTER, INC

Our mission is to achieve excellence in the provision of behavioral health services that lead to optimal health and well being.

## Civilians for Veterans Fund

The Civilians for Veterans Fund is a 501 (c)3 nonprofit partnership that helps veterans of Operation Iraqi Freedom and Operation Enduring Freedom, and their families, to receive **free and confidential** mental health and substance use treatment in their home communities. The impact of the war and serving abroad on soldiers and their families is great and CVF is committed to getting them the support and tools necessary to readjust to life after combat. Services supported by the fund are currently available through six Colorado community mental health centers.

With nearly 10,000 veterans and their families residing in Centennial's 10 county region of Cheyenne, Elbert, Kit Carson, Lincoln, Logan, Morgan, Phillips, Sedgwick, Washington, and Yuma counties, we are pleased to be able to provide the services and resources to veterans and their families.
