Our mission is to achieve excellence in the provision of behavioral health business services that lead to optimal health and well being

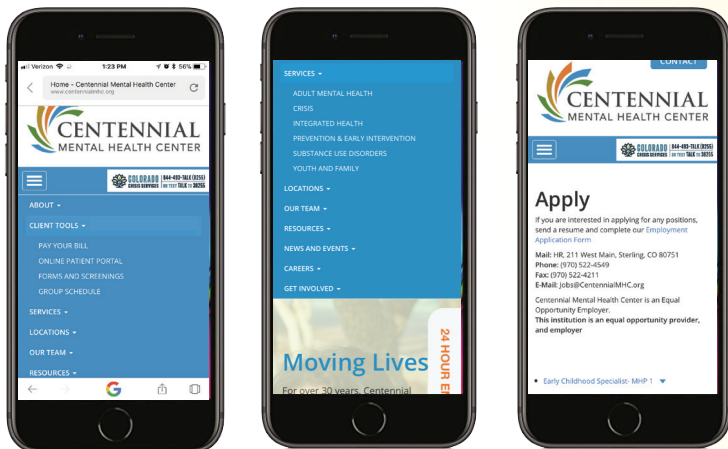

DON'T FORGET OUR NEW WEBSITE

AS YOU ALL KNOW...

we rolled out our new website recently and I just wanted to reiterate how great some of the new features are, especially for our clients, and also future employees. You will be seeing many new changes happening in the future as well so keep posted! Below are some shots of what it looks like on your phone browser! Go in and check it out!

Our homepage provides a great place to begin for any visitor of the site. Easy navigation, menus and a great locations feature to be able to locate and contact any of our offices.

Highlighted here is our awesome new Client section where clients can pay for their bill and access the client portal as well. Our services section will be filled with content as time goes on but provides clients or seekers of services a well rounded explanation of Centennial's services that we offer. We also have a great section for those wanting to work with us to make applying simple and seamless.

JULY ANNIVERSARIES - CORRECTION

19 YEARS

In last week's Briefing I somehow managed to miss the fact that Tiffany Nichols, in accounting, also celebrated an anniversary.

Tiffany has shared with Centennial 19 years of her talents with us!
