PREVENTION MONTH AT A GLANCE

The following is a Month at a Glance for our Prevention Team. Please let Maranda Miller know if you have any questions or would like more information about the prevention services they are providing this month. The Prevention Team's goal is to provide equitable services across the communities. We are also home to 36 school districts, who are at some level all aware of our Prevention services, but may not need or have time for them. If you would like to see the team more involved in certain communities and schools, please let Maranda know and she welcomes your help with making connections as well. MarandaM@CentennialMHC.org
