## PREVENTION IN THE COMMUNITIES

## SAFETY TALK - WIN A PRIZE

Prevention Specialist, Kara Moulton has been doing Botvin in Merino schools for a while now and some students posted about it in their school newsletter that is also produced by students. Three of the students wrote: *Botvin is a schoolwide activity. We are learning about drug issues, the consequences of smoking, peer pressure, and long and short term goals. Our educator, Miss Kara, is a spectacular teacher. She wants to help us make good decisions in the future and right now. Kara wants to make sure we do not buy something just because everyone else has it. We have books that we complete a chapter every Wednesday. She travels to many schools and informs different classes about the dangers of making bad decisions. Even though kids still make bad choices, I believe she is making a difference.*

Complete the word search below and send it back to Heather Glover (HeatherG@CentennialMHC.org) by **EXTENDED DATED: Wednesday, March 20<sup>th</sup> at 5:00 pm.** With all correct answers you will be entered into a drawing to win a prize!
