These bags, put together by Kara and Mikayla of the Prevention Team just recently started going out to schools. The purpose of the bag is to be given by school personnel to students. If a student is in a crisis, feeling as if they have no one in their life that cares about them, if they are feeling as if they don't matter anymore then the bag is to be given to them. If they have a student who is waiting for the emergency response unit, again, the bag is given to them.

## SPCC PREVENTION TRAINING

Surviving Suicide Loss While Being Black  
Friday, November 6, 2020 | 11:30 AM - 1:00 PM MDT  
[CLICK HERE TO REGISTER](#)

WyKisha McKinney's fight against suicide began with the loss of her brother Johnny Madison, who died by suicide in 2004. Overwhelmed by grief after the death of her brother, WyKisha slipped into major depression which almost ended with her own suicide attempt. With the support of her family, and the help of local counseling centers, she was able to get the help she needed to cope with her loss and manage her depression. She also found hope and recovery in serving others that had been affected by suicide. Over the last fourteen years, WyKisha has obtained a wealth of knowledge and experience in crisis intervention and suicide prevention.

## THANK YOU

to everyone for all your years of service and for continuing to move lives forward!
