JOURNEY CORNER

Hi, my name is Emily.
I am a case manager for CMHC.

My hobbies are reading, playing video games, and being with my kids and dogs. I love animals, and own many. 5 dogs, 1 cat, 2 reptiles, 2 fish. I chose to work here at CMHC to learn more about opportunities for my future in psychology. I love learning more in depth about the human brain, and why people think the way they do. It spiked an interest with me while I was in school for my associate's degree in medical specialties. I hope to go further in Psychology, but currently going for my CAS license.

ACUDETOK FOR CARLY'S HOUSE

The women in Carly's house recently had acudetox done by Gina Chard and Dana Velazquez. They get this done every Wednesday afternoon. **All individuals have signed a photo release.**
